

# - REEFSTEAMERS HOLIDAY TRAINS -

## NEW YEAR TRAIN to the NATAL SOUTH COAST (26 Dec. – 2 Jan.) Celebrate New Year in unique style in a steel-wheeled beach-front hotel!

Enjoy your Christmas Day at home and then take a short drive to Germiston to board the train in the evening on Boxing Day. We will take you on a leisurely train ride right through the summer night, much safer and certainly more relaxing than driving on the highway. You won't have to waste precious holiday time with stressful long distance driving.

Enjoy the cash bar (open 'til late) and the comfort of the lounge coach, or chill out in your compartment until the train's motion rocks you to sleep! The electrically-powered train will be in Port Shepstone by the morning of the 27th.

You will wake up a firm stone's throw from the beach and a large, safe tidal pool. And when you get tired of the sun, surf and sand, there are various day tours available, which will be to your own account. (See the examples below.) There is also golfing available, as well as deep sea fishing, shark cage diving, nature walks and a boat ride along the coast from Shelly Beach.

24/7 Security will be provided by a private security company at Port Shepstone Station.
